INTERACTIVE PANEL & AV SOLUTIONS

The space we create in AV solutions is on contrary from traditional conventions. Our prime focus in AV solutions is to provide the client with low-cost high productivity output.

We put forward interactive panels that have been proven as a valuable product to educational institutions, business organizations along with training and R & D agencies.

We also offer video walls & display solutions which are suitable for high-density areas such as malls, metro stations, railway stations, hotels, airports, and reception areas throughout India with an exclusive tie-up with many Japanese and Korean majors.

DIGITAL & E-CLASS SETUP

Media Designs offers convenient digital classroom set-ups in educational institutions and organizations easing out the pain of writing on traditional boards and eliminating the fear of losing your planned strategies. We make you a smart mentor with creative methods of digital teaching through e-boards and live webcasting, helping you create an effective, interactive and engaging environment.

Our technology-driven solutions allow institutions to gain a practical edge in recording, interacting, sharing, storing, and uploading lectures or information.

We offer specialized services in the setup of conference rooms and studios in institutions:

- For online lectures, our Live-Webcasting and classroom solutions extend institution's reach across several digital platforms in real-time.
- Connecting teachers and students in an engaging, comprehensive, and accomplishing it through live web broadcasting from Facebook and YouTube.

BRANDING & SIGNAGE

Today, Signage is one of the most elementary medium to convey our message to people at large. Signage has been steadily performing an indispensable role for organizations to help them spread mass awareness.

Whether we are communicating to help locals or making an important announcement, signage makes it effortless to enlighten people.

We offer branding and signage infusion in a variety of materials, including stainless steel, acrylic, vinyl, flex, fabric, and glass. We are competent to print on any media and texture to meet the specification of our clients.

Range of Signages we offer :

- Exterior Signage
- Metal Signs
- LED & Profile Logos
- Totem
- Glass Panels
- SS Poles

CLIENTELE

Our clients are always first and foremost in our minds. Our promise of granting more than expected and the passion towards our work has helped us maintain most of our clients.

With 100% on time product delivery and completion, we have acquired the trust and credence of our customers.

In addition to our national representation of functioning with government sectors and corporative industries we also relish working with fortune 500 companies and International Organizations.

Corporate film for AMP motors by MEDIA DESIGNS

AMP Motors, a leading automotive parts company signed up with Media Designs. Team Media Designs made a corporate video for their automotive anti-vibration parts shot at Gurugram. Our team had the pleasure of working with an excellent client like AMP Motors and was able to deliver a quality video on time to earn much appraisals and applaud from the company.

Team MND visits Varanasi for Ayushman Expo 2019

on behalf of
AIMIL

'The Hindi' team was found exploring the roads and alleys of Varanasi, looking for the rawest and original Indian ways of living in one of the oldest civilizations in the world. We found the youth and the elder who supported our cause and were happy to offer to talk about our movement and its importance in today's world.

"7 Wonders of India' video by Media Designs played at Thai-India Funfair 2019 held at **Bangkok**

Team Media Designs flew to Thailand for the Indo-Thai Funfair held at Bangkok on the 16th of February. Our video '7 Wonders of India' in spirit of portraying India in front of a global audience of several thousands, was played on the LED backdrop. It was highly appraised by the people at the festival for intriguing the audience with the beautiful architectural landmarks of India. Our team was proud to be representatives of India in such a prestigious event organized by the Indian Social Club

The Hindi Sabhyata | Sanskriti | Sahitya

What is 'The Hindi'? It is not a language or a religion or even a place. 'The Hindi' is an emotion of being true Bharatiya from the heart. It is a goal, to bring forward India as a beacon for people all over the world, to believe, follow and be inspired from. A movement that took birth from our vision to spread ancient Indian spirituality, tradition and literature, The Hindi is an upcoming web-portal. Indian values are one of a kind and we persevere to bring the true essence of India to every NRI who misses their country with their heart.

Large format visual graphics for giant size

LED screen by Media Designs

Media Designs presents large format, giant-sized visuals for LED screens. We started background visuals, synced videos and graphic visuals for the first time for GPC Medical for their event in Dubai. Since then we have seen a rise in need for large format LED visuals with different countries. We also had the pleasure of delivering these LED background visuals for Indo-Thai Funfair held in Bangkok in February 2019.

Shortcut

You can export multiple video projects through Adobe Media Encoder.

Media Designs

applauded for
Circuitronix
corporate film
screened at
Electronica 2018,
Germany.

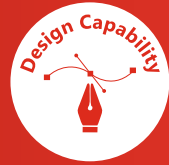

Team Media Designs travelled to China to shoot for Circuitronix corporate video. The video which was heavy motion graphics was showcased at Electronica 2018,

Germany—a worldwide electronics conference. Circuitronix CEO, Mr. Soumendra Mahapatra praised the video and Media Designs and gave us phenomenal reviews on public forums.

The Camera Buzz

Media Designs acquires construction time-lapse camera, Brinno Bc200. A camera with 80 day battery life can record a whole project being built in fast-motion.
